Note 1: Veterans' Records: It was agreed by Federation Management Committee that, due to impossibility of identifying all visiting skiers to Ireland who were of veteran Status over the years, Veteran Allcomer's Records would start with current Irish Veteran Records.

Note 2: ALL 1991 Records in any given Category are shown, and will be entered into the book. At the start of next season only the current record holder and performance will be shown, together with any new records.
